Portfolio Construction

This Fund seeks to be the most conservative of the StarCore Funds®, placing a greater emphasis on current income than on growth. Under normal circumstances, the Fund will invest 60% of its assets in fixed-income mutual funds and 40% of its assets in equity mutual funds. The fixed-income portion of the Fund will primarily consist of fixed-income mutual funds that invest in high quality investment grade fixed-income securities with durations and maturities in the short to intermediate term range. The equity portion of the Fund will consist of 65-85% U.S equity mutual funds and 15-35% international equity mutual funds.

Investment Philosophy

The StarPath Funds® investment philosophy is based on the following core beliefs for equity investing: Diversification reduces risk; Markets are efficient; Asset allocation is the key determinate of portfolio returns; Passive management is superior to active management; Asset class investing is superior to indexing. Rogers' core beliefs for fixed-income investing include: Invest in high-quality, investment grade fixed-income securities and Keep durations and maturities short to intermediate.
